

Education and training in the field of Healthcare Cleaning

FOUNDATIONAL RESEARCH

I. Education Theoretical

| | |
|---|--|
| Length of curriculum study (0,5 year, 1 year, 2 years)? | |
| Requirements for program enrollment (prior education, must there already be a certain professional level, are there age limitations?) | |
| Learning outcomes for ECVET unit comparison | |
| Course studies concluding requirements (exams, practical/theoretical test or other assesement measure)? | |
| Qualifications obtained after graduation, what level? | |

II. Education Practical

| | |
|---|--|
| Organization of work practice: What volume, where performed, is this limited to only the floor/furniture or includes dealing with ill patients? | |
| Regulation | |
| Continuing education requirements (mandated) | |
| Use of ICT (strengths, weaknesses, suggestions for improvement) | |
